Policy and Procedures

Individual Requests:

This policy requires that patients or their guarantors apply for assistance by completing an application for assistance and provide necessary consent form and proof of income. Application must be completed and documentation provided in order for a request to be considered. If applications for assistance are incomplete, the patient, or patient's guarantor, will be asked to provide missing information/documentation before an applicant's eligibility is determined.

An internal committee, made up of three Foundation Committee Members, will review the applications for assistance on an as needed basis. The Board & Committee retains the absolute discretion to allow or disallow assistance and because the JOHA Foundation is a charity, there is no guarantee that funding will be available.

The applicant will be notified of the eligibility decision in writing within a 2 week period. If an applicant is deemed eligible, a check will be sent as per the set disbursement schedule and qualifications listed below.

All Assistance Program payments made to patients or to their insurance company will be made via check. Patients who have already received the maximum assistance allowed (determined upon approval) must resubmit an updated application and documentation as outlined herein in order to receive additional assistance.

If an applicant is deemed not eligible, the patient may re-apply at any time if there has been a change of income or other considered factor.
